1. Administration (e-Governance)

The Arts Commerce College, Yeoda employs various forms of e-governance, utilizing social media applications such as WhatsApp and Telegram. Administrative tasks, including document filing and storage procedures, are executed through these platforms. Telegram software is specifically employed to preserve diverse college records, photographs, and notifications, streamlining the administration process for enhanced efficiency.

2. FINANCE AND ACCOUNT

(E-Governance)

SEVARTH software enhances E-Governance in Finance and Accounts by automating salary management, tax compliance, leave, and expense tracking. It maintains a secure employee database, integrates with financial systems, and ensures confidentiality. The system improves efficiency, reduces manual effort, and boosts productivity by streamlining tasks. Customizable and scalable, SEVARTH facilitates seamless organization growth. It provides audit trails for transparent financial processes and complies with data protection regulations. Overall, SEVARTH contributes to the modernization and digitization of government financial systems, promoting transparency, accuracy, and efficiency in E-Governance.

3. Student Support (E-Governance)

(Whatsapp Group)

E-Governance has significantly transformed student admission and support systems. Google Forms and the Common Admission Process website streamline admissions, simplifying the application process. Student support has been enhanced through various digital platforms, including WhatsApp and Telegram groups, facilitating communication and collaboration. Zoom and Google Meet serve as vital tools for virtual meetings and classes, overcoming geographical constraints. Google Classroom centralizes educational materials, assignments, and assessments. Together, these technologies create an efficient and interconnected digital ecosystem, revolutionizing traditional education administration for a more accessible, collaborative, and streamlined experience.

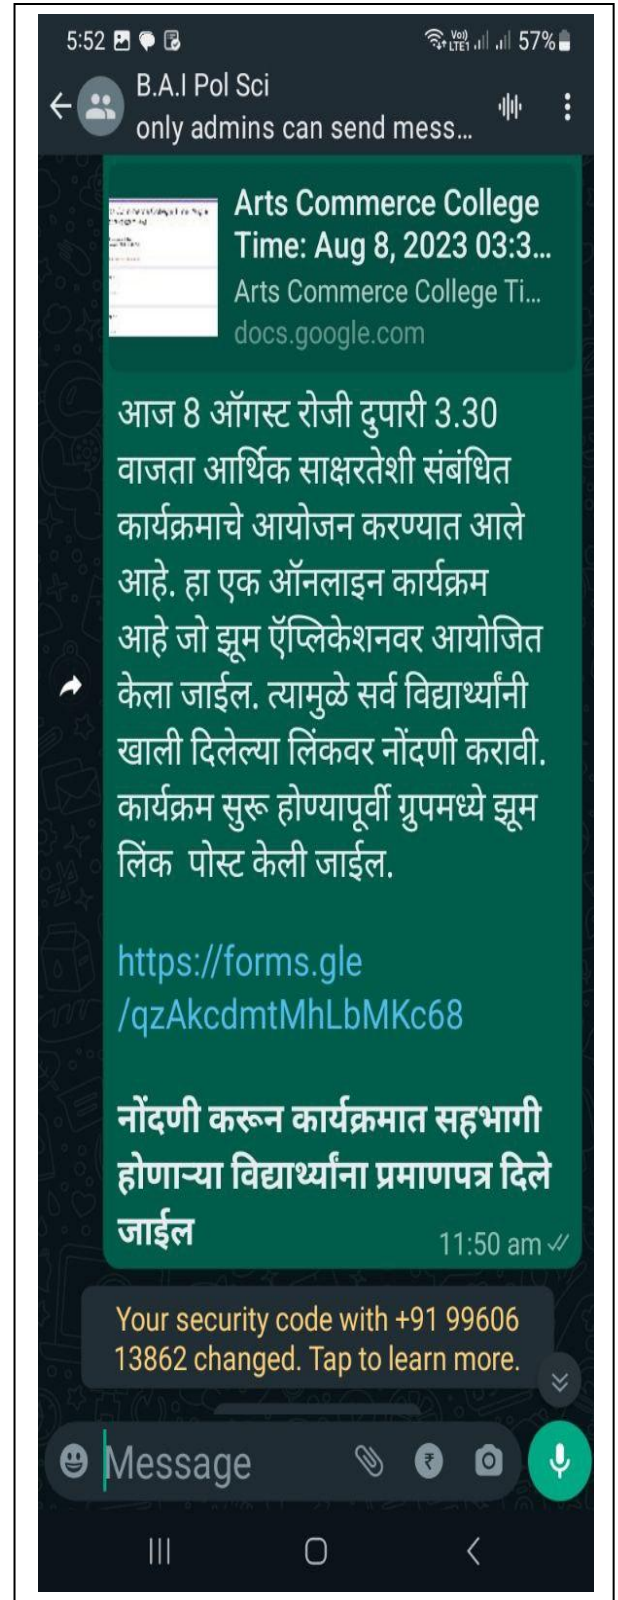

The screenshot displays the Common Admission Process (CAP) website. At the top, a blue header reads "Common Admission Process (CAP)". Below this is a navigation bar with six colored buttons: "ABOUT (CAP)" (red), "GOVERNMENT RULES" (blue), "GUIDELINES FORM SUBMISSION" (pink), "COLLEGE REGISTRATION" (green), "STUDENT REGISTRATION" (orange), and "CONTACT Us" (purple). The main content area is divided into three sections. The left section, titled "About CAP", contains text about the service provided by dotCOM infotech Pvt. Ltd. and the academic year 2023-2024. The middle section, titled "Registered Colleges For This Process", lists several colleges with green star icons. The right section, titled "Login", contains fields for "Username / Registration No" and "Password", a "Login" button, and a link to "To Register Click Here".

4. Examination

The website www.sgbau.ucanapply.com seems to be associated with Sant Gadge Baba Amravati University (SGBAU) for various e-governance services related to enrolment, admission, results, and exam forms. Additionally, the university uses the Rs-Exam Software for conducting online examinations. (Website: www.sgbau.ucanapply.com)

1. Enrolment: This likely refers to the process of registering or enrolling students into the university for various courses or programs.
2. Admission: The website may facilitate the online admission process, allowing students to apply and secure admission to different courses offered by the university.
3. Exam Form: The website may allow students to fill out and submit examination forms online, streamlining the process and reducing paperwork.
4. Online Examination: The university utilizes the Rs-Exam Software for conducting online examinations. This suggests that students can take their exams remotely using the software, providing flexibility and convenience.
5. Results: Students can check their examination results through the portal, providing them with quick and convenient access to their academic performance.

Overall, the e-governance services offered through this website aim to simplify administrative processes for both the university and its students, making various tasks more efficient and accessible.
